

## **Student's Careers Charter**

At Ridgeway School we aim to give you the best and most appropriate careers information, advice and guidance to inspire you to aim high and be successful in any area of work or further education/study you choose to pursue. We will offer you opportunities to gain relevant qualifications which will provide you with a solid base for moving on to further education or other Post 19 provision once you leave Ridgeway. We will help you develop your independence, life and employability skills. You will learn about careers through following our Preparing for Adulthood curriculum, opportunities to visit workplaces, working on the school stall at Kempston Market, the chance to develop and run your own Enterprise projects, work experience where appropriate and a range of other beneficial activities including visitors to the school and accessing a short yearly careers programme provided by JCP staff. You will also have individual study programmes which will be updated regularly and are aimed at developing skills relevant to your interests and career choices.
